Exhibition Prospectus

Context and Dates

The 2027 JCT Symposium is to take place in Lincoln on the 8th & 9th of September 2027. The set up day for the Exhibition is the 7th of September 2027 (which is when the MOVA Users Group is scheduled). The Symposium Papers and MOVA Users Group Presentations will be presented in the Lincoln Arts Centre and the Exhibition will be held in the **Engine Shed** which is part of the **Lincoln Students' Union, Brayford Pool, Lincoln, LN6 7TS**. The Engine Shed is adjacent to the Lincoln Arts Centre and can be accessed via a 30m covered walkway. The Engine Shed has approximately 650 useable square metres of exhibition space which we have configured to accommodate up to 31 exhibition stands.

Two plans are attached. One showing the detailed layout with Stand Names and Sizes. And one plan showing the Engine Shed in context of the Students' Union.

NOTE: As this is a new to us venue we reserve the right to make small adjustments to the layout but will consult with you if the changes are more substantial

Exhibition Spaces and Packages

Exhibition spaces will be configured using free standing exhibition boards this year (Not a Shell Scheme). There are two standard size options:

- 3m x 2m space (suitable for most pop up stands)
- 5m x 2m space

Any contiguous stands can be combined to make a larger space if required.

Exact internal dimensions can be seen overleaf in Figures 1 & 2 and an example of a combined stand (two 3m x 2m stands) shown in figure three

Each exhibition Space comes with the following:

- Power
- One 6 foot Trestle Table and two Chairs
- A number of tickets for the Symposium (depending on space size)
- Catering (Refreshments and Lunch)

Additional furniture options are available from the exhibition board supplier along with internal artwork if required (prices and options on request).
