Specific approved locations will then be confirmed for this signage.

Waste Any general paper or cardboard waste can either be disposed of by exhibitors or it can be marked up for recycling within the hall where RA will remove it for you. All other waste must be disposed of responsibly.

RA have always been supporters of the 'reduce, reuse and recycle' mantra in terms of waste management. RA separate and recycle glass, cardboard and paper waste and incinerate all other waste to create electricity for local homes and businesses through Leeds City Council's Waste to Energy scheme. The resulting ash from this process is also stored and used as aggregate for road building.

Regulations No kettles, cooking, warming of food, alcohol, food or soft drinks are allowed. Refreshments will be provided.

No naked flames, smoke, haze etc. are allowed in the Hall or Museum itself due to the nature of the venue.
